

HUMAN RIGHTS TOUR

with Corrine Tucker, M.A.

The Way of Human Rights and Jewish memorial

This tour will take us from the oldest neighborhood in Nürnberg to the Way of Human Rights and Jewish memorial. We will discuss the city's history regarding human rights, as well as reflect upon the significance of the pillars lining the Way of Human Rights. Each pillar represents the "building blocks" of human rights and serves to remind us of the road it took to get where we are today and the challenges we may face to preserve these rights for the future. Students will be engaged to take notes and discuss the importance of each human right. To conclude the tour, we will visit the Jewish monument for a discussion about the human rights violations committed against Jewish people during the Second World War. Students on this tour will come full circle in history, seeing how the past impacts the present and how our actions today shape the future.
